SAFE MOB
MILENA STEIN
IN COMPANY

There is a body emerging from the twilight, composed of many limbs, speaking as one, but with many voices. The body moves through a fluid environment, engaged in the continuous process of becoming, sometimes crystallizing into a familiar shape, but most of the times defying being defined and categorized.

In her piece 'Safe Mob', Milena Stein examines with four other performers what coming together as a group can mean. How are bonds being made? What is connection?

Oscillating between dissolving identities, attempts of merging into oneness and the friction of separation and disagreement, the piece speaks of the desire to connect and the uncanny yet exhilarating experience of encountering the other.
